EXPERIENCE & PROJECTS

Henry Buenos Aires, Argentina — *Teaching Assistant*

JUNE 2022 - AUG 2022

- **Lead and coordinated** group of students.
- **Accelerated** the integration of students in the group to help them rely on each other and achieve their goals.
- The group I **assessed** has the largest number of passing students in the class.

Henry — *Backend Developer in E-commerce project*

JULY 2022 - AUG 2022

- **Designed and programmed** database with posgreSQL and sequelize.
- **Coded** Authentication and Authorization systems for users using Passport JS and Firebase.
- **Connected** backend with frontend achieving cart and mailing functionality.
